	Regulation.)	

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the request of ECI Communications, Inc. d/b/a ITS Network Services (“ECI” or the “Company”) to cancel its Certificate of Public Convenience and Necessity (“Certificate”) to provide intrastate interexchange telecommunications services in the State of South Carolina. A review of the docket file reveals that ECI’s authority to provide telecommunications services in South Carolina was granted by Order No. 2002-680, dated September 23, 2002.

By letter filed on March 31, 2005, by Telecom Professionals, Inc. on behalf of ECI, the Commission is advised that the ECI is no longer in business, effective December 31, 2004.

As ECI is no longer providing the services for which the Company’s Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that ECI’s Certificate of Public Convenience and Necessity to provide resold intrastate

interexchange telecommunications services within the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to operate as a reseller of intrastate interexchange telecommunications services within the State of South Carolina authorized by Order No. 2002-680, dated September 23, 2002, issued in the instant docket to ECI Communications, Inc. d/b/a ITS Network Services is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
